

WHAT OUR DEALERS ARE SAYING ABOUT OUR SPORTSMAN

Gary-

Things are going well...actually better than expected for this time of year in the south...sales will dramatically increase this coming spring, when the crappie guys wanna hit the lake at 3 or 4 in the morning before we are open...crappie minnow sales will be through the roof, I'm sure...we had several requests last year from customers who wished we could set some minnows out in the shed overnight, but you know how that would go over...so when we told them we were getting the machine, they were excited...we've had soooooooo many compliments about the machine, and the fact it says 'The Sportsman" on it...how cool is that!? Thanks for your continued support and guidance...you have been a big help, and look forward to seeing you again at the next BRS East show in Raleigh.

Sincerely, Bill Stahlhood- Owner The Sportsman Store Tullahoma, TN 37388 931-563-7276

From: Nicholas Gomez – of Village Tackle Baits & 24 Hour Sportsman Centers 06/14/2013

At Village Tackle Baits – we are the owners and operators of these "Great" vending machines purchased through Gary at Big Rock Sports. I would HIGHLY recommend that you speak with him if you feel that Live Bait and Tackle Vending is a direction of earning income for you. I would like to also point out a few things to think about in venturing into a business such as this one. We have had a positive experience with our business in adding on the Live Bait and Tackle Vending machines to our income stream. Gary has a extensive knowledge in the business from his many years of both being an owner/operator to a consultant. When you purchase a machine through him and Big Rock Sports you are treated as though you are family. If you wish to inquire about additional information on how our machines operate here in Michigan, feel free to use my contact information below. I am more than happy to explain some aspects of how we have learned to work our machines, locations and seasonal fishing in our area. More importantly, it is best said that we have grown to trust Gary in looking to purchase additional machines in the future. Best Fishes, Nicholas - Village Tackle Baits http://www.24hoursportsman.com- 24 Hour Sportsman Centers
