

The Sportsman is our premium model. The Sportsman has the highest energy efficiency in the industry using only 5.7 kwh/day. A new rigid delivery box accommodates taller products and includes a removable bottom for easy cleaning. The Sportsman premium vendors high security outdoor package with impact resistant polycarbonate window cover, rain guards; interlocking door-in-cabinet design and anti-pry covers. We added a high security lock cover. Also standard on the Sportsman is the factory installed BRW Control System VE-103DA IISAS Alarm System. Standard too is a factory installed credit card reader, which our customers are telling us that credit card sales are about 30 % of their total sales. A heater kit is also added to all vendors at no added cost.

- The Sportsman has adjustable bait & tackle selections, configurable to almost any package size with no need for tools. L.E.D lighting and heated glass both standard with every machine.
