For years if anyone wanted to vend live bait there was only one choice. You were stuck with one manufacturer, one machine, one oversized high price cup. PA Live Bait Vending is dedicated to change all that. With our *Liberty 24 Hour Bait Shop* you can give your customers a much

wider variety bait and tackle all in one well built machine. Customers love being able to see what they are buying. With the Liberty you can offer a wide variety of bait as well as tackle items and more. The inside of the machine is totally reconfigurable, shelves can be raised and lowered to

adjust to product sizes. Spirals can be changed in seconds to accept different size cups. Add the 3 year factory warranty on all the major components, you have just what this unique business has needed. This machine is built for outdoor use.
