

BIG ROCK LLC.

The Calcutta Frozen Bait Box is ADA compliant and is the only machine of it's type to be outdoor rated.

The Vendors high security outdoor package with impact resistant polycarbonate window cover, rain guards; interlocking door-in-cabinet design and anti-pry covers provide superior protection from the elements, vandals and thieves. We also offer several features with the Calcutta Frozen Vendor, one being a factory installed BRW Control System VE-103DA IISAS Alarm System. Another option is a factory installed credit card reader, which our customers are telling us that credit card sales are about 30 to 50% of their total sales.

The Calcutta Frozen Bait Box has adjustable bait & tackle selections, configurable to almost any package size with no need for tools. L.E.D lighting and heated glass both standard with every machine.

The Calcutta Frozen Bait Box

The future in live & frozen bait today

Call Today!

Our New Frozen 24 Hour Bait & Tackle Box

The Vendor everyone has been asking for has arrived!

Big Rock Sports and the Wittern Group joined forces again to offer the saltwater market the machine that dealers have been requesting for years. Our new ADA compliant Calcutta Frozen Bait Box is built to the same perfection as Sportsman freshwater model. The vendor features next generation air flow architecture allowing it to dispense refrigerated live bait AND frozen baits from the same machine using a common delivery fall space. You can even add some tackle items.

Give your customers what they want when they want it! Never miss a sale!
