

The ADA Angler

Smaller foot print
More affordable

NEW
FOR 2019

Years in the making, we are happy to finally bring our New Angler series Bait Vendor Line to the market for 2019. This machine has been custom manufactured to our specifications. The Angler is built specifically for LiveBaitVending.com. Our customers have been asking for years for a more affordable machine with a smaller footprint. The Angler 4000 has all the features as our larger freshwater models.

Available mid summer 2019
